PERSON RESPONSIBLE: Head Teacher/Heads of Curriculum
Approved by: Governors of AZBUKA Foundation
Approved: September 2024
DATE OF NEXT REVIEW: July 2025

This policy supports the work of the school in promoting its vision, aims and values.

School aims:

At Azbuka school we value every member of our school community and our aims are for every child, whatever their background or circumstances, to have the support they need to:

- Develop their understanding of the value of leading a healthy lifestyle
- Work and play in a secure and safe environment in which they are encouraged to develop moral values and mutual respect
- Experience an exciting Russian-English curriculum which fosters their enthusiasm, develops an enquiring mind and enables every child to achieve his/her full potential
- Access an education for life where they are able to learn how to become effective and reliable members of the wider community
- Foster ambition and expectation to carry through to adult life

To achieve these aims all learners, staff, parents/carers and trustees will work together to enable children to grow, learn, achieve and thrive in a safe, Russian-English educational environment, secure in their bicultural identity.

1. Introduction

1.1 The trustees and staff of Azbuka School believe homework consolidates and reinforces skills and understanding in English/Russian bilingualism, Mathematics, and other curriculum areas, helps raise the level of achievement of individual pupils, provides opportunities for parents/carers and children to work together and, thereby, fostering an effective partnership between home and school.

1.2 We have structured most of our homework tasks to focus on key skills which will enable our children to access many areas of the curriculum:

- Reading – reading fluently, with comprehension and for pleasure are vital skills to develop. This is why we encourage our children to read daily.
- Spellings – by learning how to spell key words and words with specific spelling patterns, we are enabling our children to become more fluent writers.

- Times tables – these form the basis of many areas of maths. Knowing times tables will enable our children to become more efficient mathematicians in class. Children are expected to know up to 12x12 by the end of Year 4.
- World Around Us - homework reinforces and supports the knowledge and skills acquired during these sessions.
- *Arts/Music/MFL/Other subjects - homework reinforces and supports the knowledge and/or skills acquired during these sessions.*

1.3 Where appropriate, we may also utilise web-based platforms for helping our children achieve their homework.

1.4 We recognise that all children need leisure time and hope that our policy reflects a balance so children can extend and consolidate their learning with parental support while still allowing time for this.

2. Aims and objectives

2.1 We believe that homework benefits pupils by:

- reinforcing concepts and skills taught in school;
- enabling pupils to revisit aspects of the curriculum;
- encouraging children to read to their parents/carers;

- helping to demonstrate to children that learning can take place in many environments;
- promoting learning at home as an essential part of good education;

13. English/Russian as an Additional Language (EAL/RAL)

The trustees and staff of Azbuka School are committed to providing all our pupils access to homework. We recognise that we have a substantial number of children who speak English/Russian as an additional language and need to make provision for them to access homework tasks. Class teachers will use strategies such as giving extra oral explanations, providing differentiated tasks.

14. Monitoring the Effectiveness of the Policy

The effectiveness of this policy will be reviewed every two years or when the need arises, and the necessary recommendations for improvement will be made to the trustees.
